UK: Market share by Brand

*Data from distributor

- After the new year, registrations are low due to the increased ZEV Mandate requirements
- Additionally, the BIK tax change is now taking effect, which is further decreasing the numbers
- Maxus high as their EV vehicles are not penalized

- Foton recently overcoming Isuzu in market share

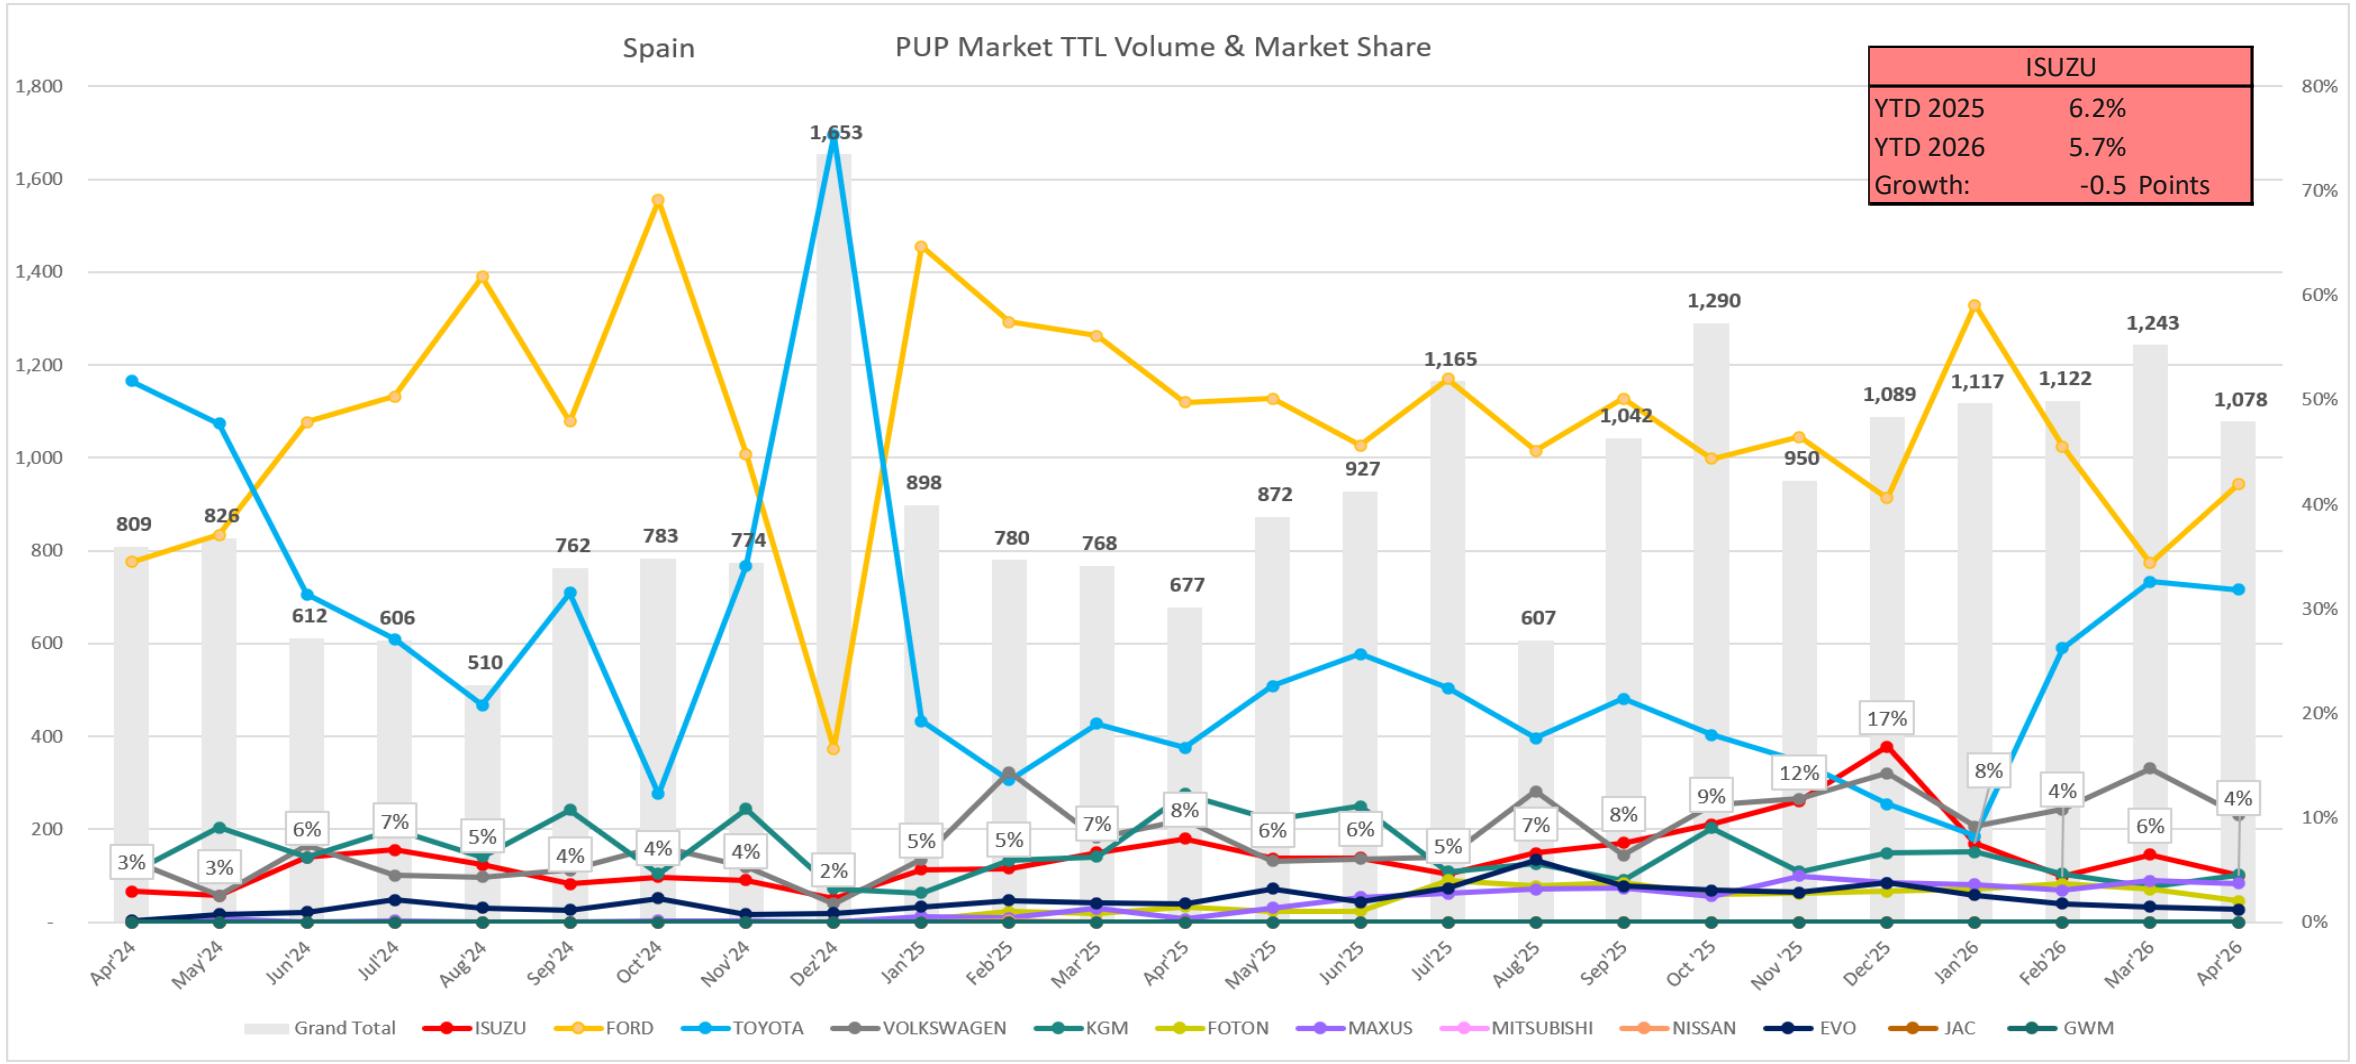

FRANCE: Sales and Share by Brand

- Ford still a comparably low market share – all three competitors now in a similar range
- Maxus very strong due to not paying any penalties for EV

*Data from JATO

- Ford is losing more and more market share from Toyota (historical market leader)

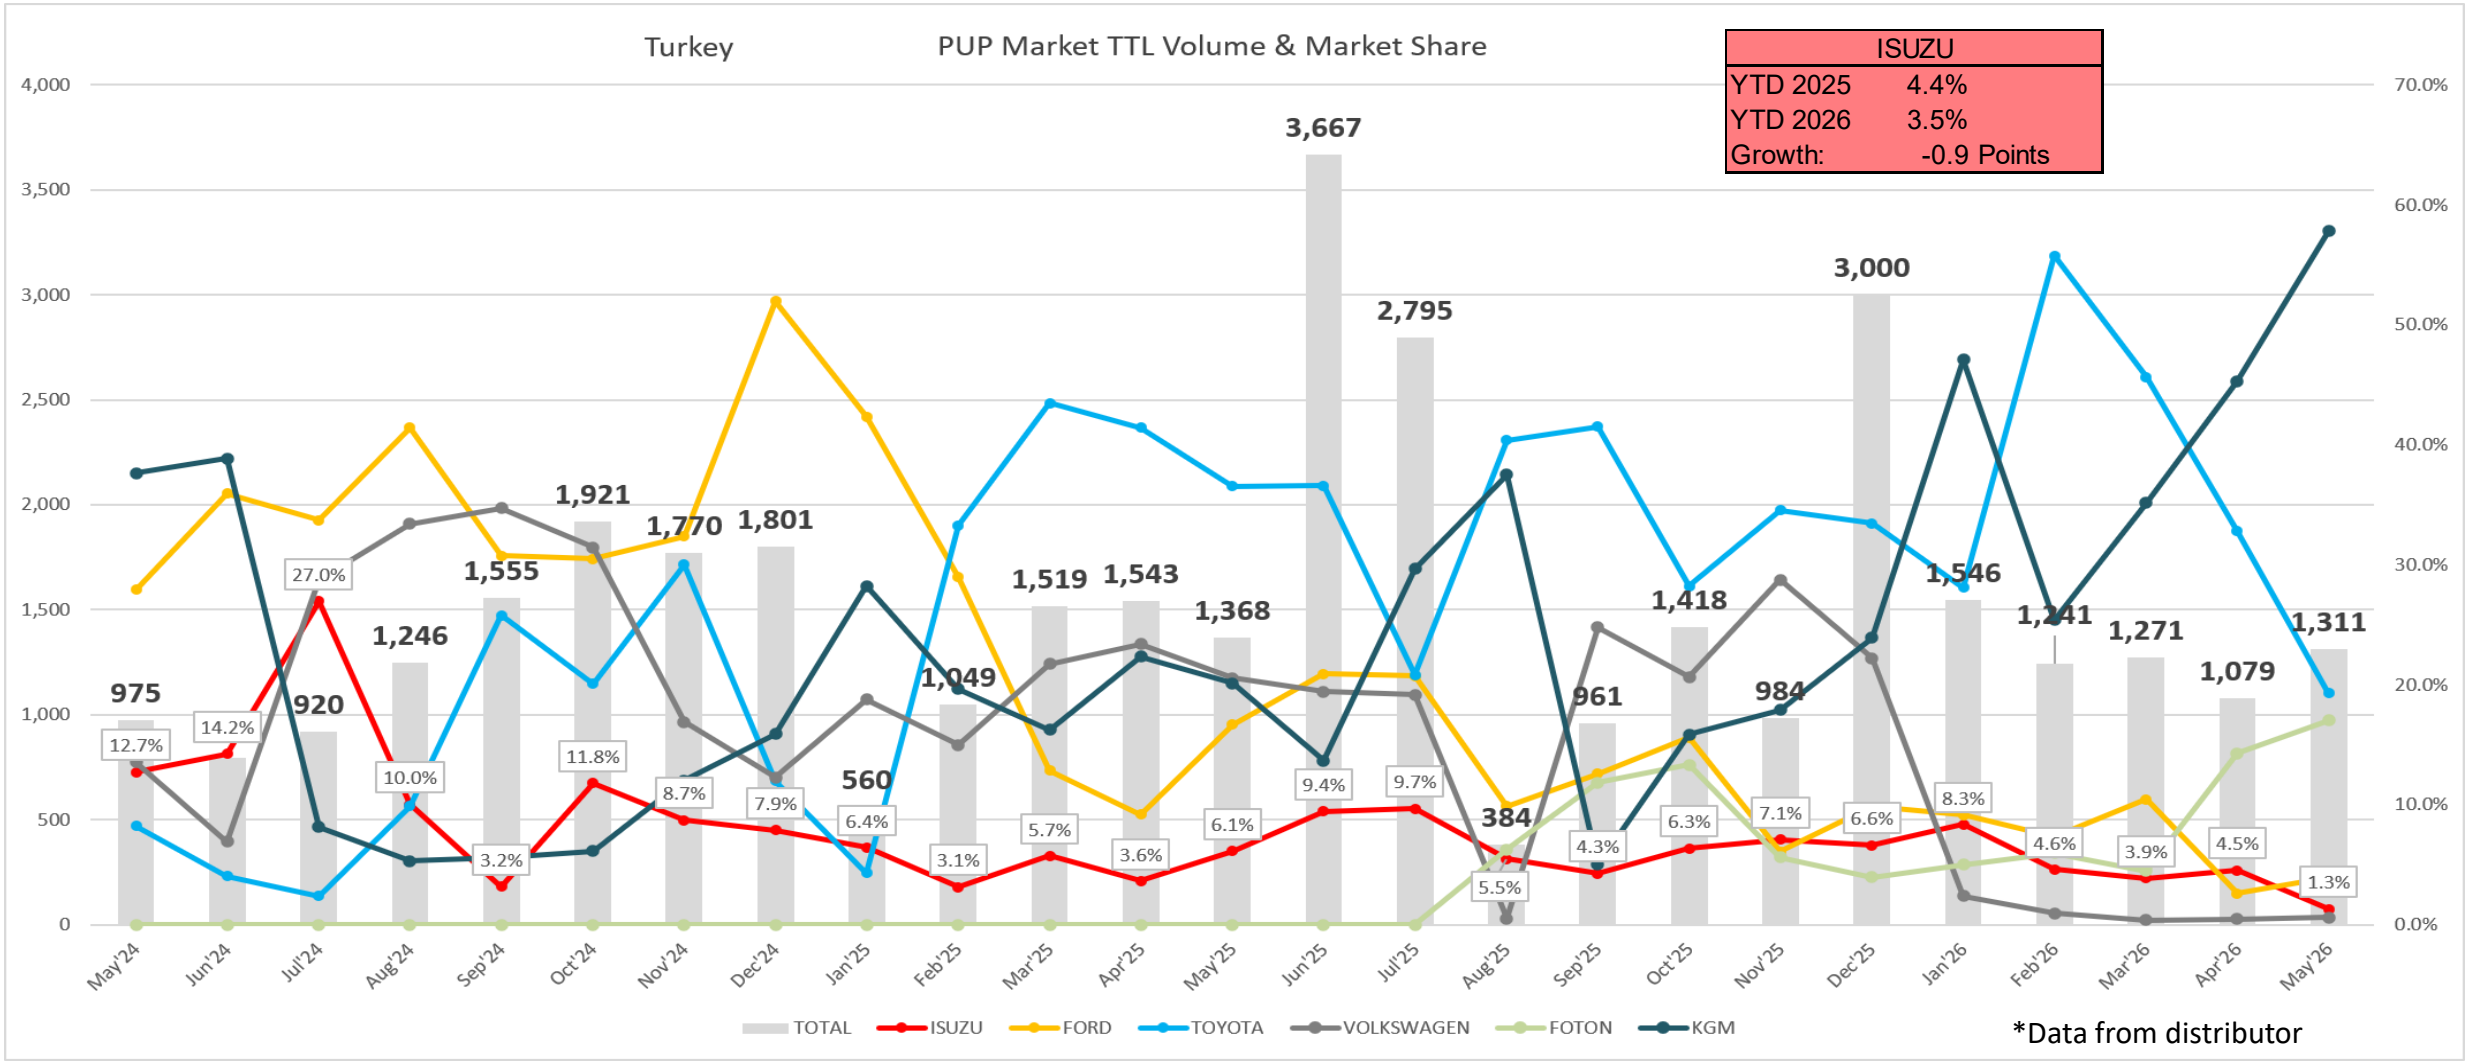

GERMANY: Sales and Share by Brand

*Data from JATO

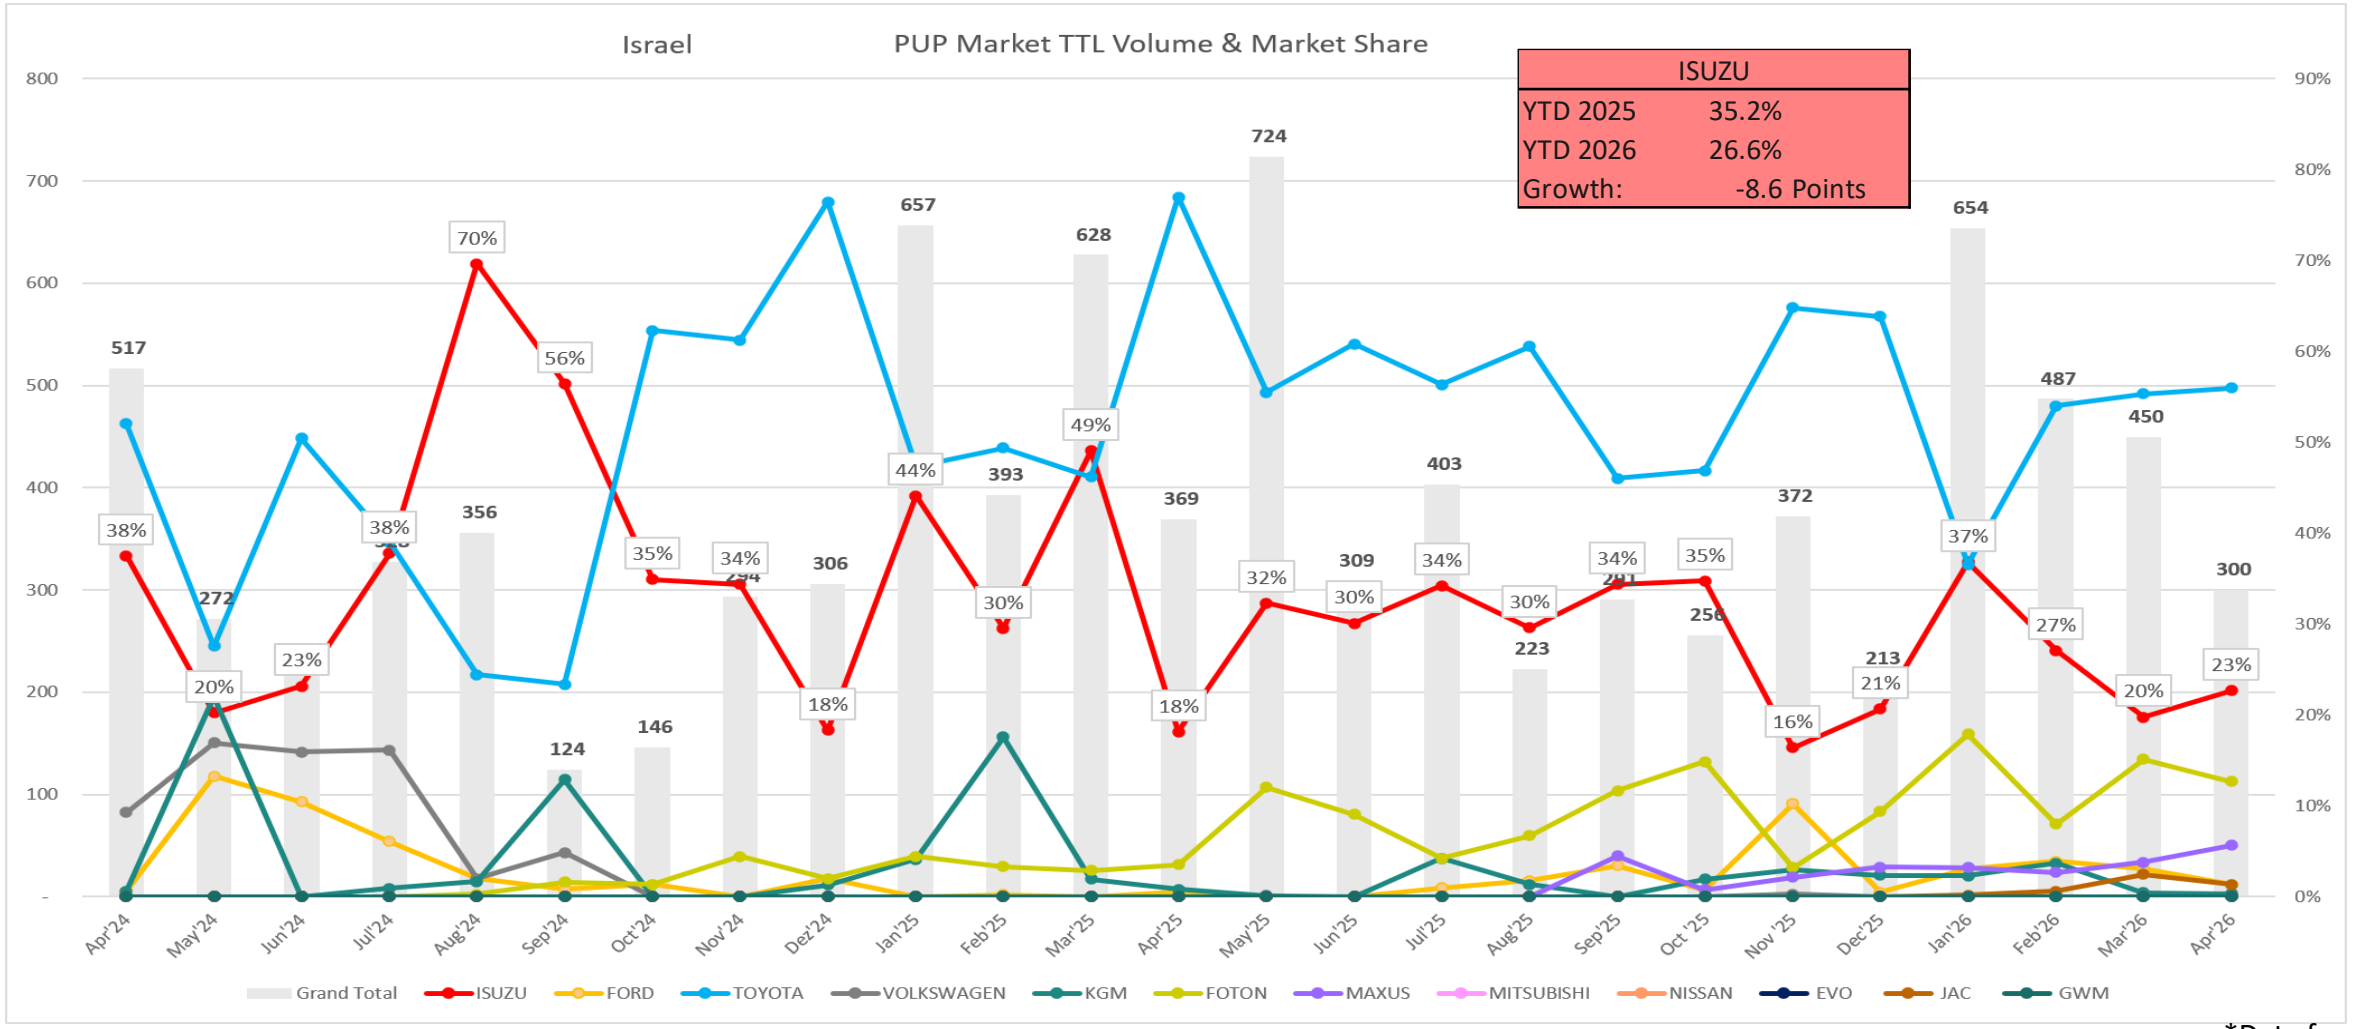

- The total market in April decreased comparing to Mar ’26 (- 19%). This was mainly influenced by the decrease of Ford registration – 26%. The total LCV market seems to slowly recover after downtrend in 2026 but small businesses are still affected by a weakened economy in Germany.
- Isuzu’s registrations still show upward trend comparing to 2025, YTD reached a market share of 7.5%

TURKEY: Sales and Share by Brand

- KGM campaign has been prolonged until May: 1 million TL for 4x2 modes and 1,5 million TL for 4x4 at 0% for 12 months (AIOS offers max 500k TL at 0% for 12 months)

BELGIUM: Sales and Share by Brand

*Data from JATO

- Overall market is rapidly declining due to seasonality
- Isuzu share is still low because of pre-registered stock
