ISUZU UNIVERSE · DISTRIBUTOR REVIEW

Isuzu Truck UK

Prepared for a working conversation with Isuzu Truck UK, calendar 2025 against 2024 unless stated. Figures are Isuzu Truck UK's own; every comparison is against its own history or an anonymised network aggregate.

Parts billed by Isuzu to you

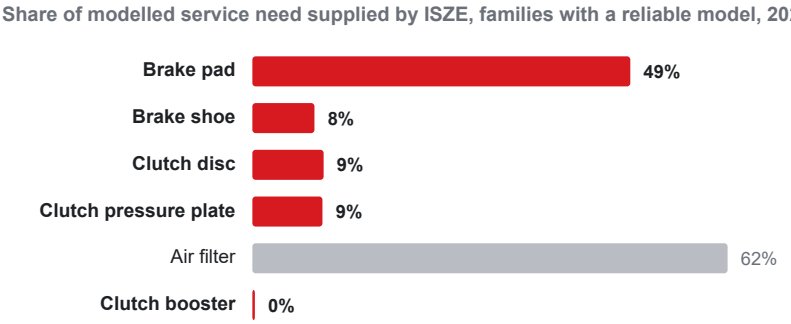

Parts billed, down 15.5% year on year. Source: ISZE billing records, calendar 2024 and 2025.

What we can see of your own dealer network

You sent us sales-to-dealer data for 2025, broken down **by named dealer** (101,341 lines). Across the network, 6 of 22 distributors sent any sales-to-dealer data for 2025, and you are the only one that sent it by named dealer.

> This is the same blindness ISZE has about you that you may have about your own dealers: we see what is billed, not what is sold on or serviced.

Maintenance parts supplied against modelled need

Capped at 100% by construction; capture above 100% is withheld as unreliable, not shown as a figure. Source: maintenance-parts revenue-capture model, calendar 2025.

Weighted across the 12 reliable families, supply covers **26%** of modelled need.

2 families (Fuel filter, Brake rotor) are not shown: the model's expected demand is exceeded by what was actually supplied, which means the model is not reliable for those families in your market. We do not show a figure above 100%.

Genuine and Best Value

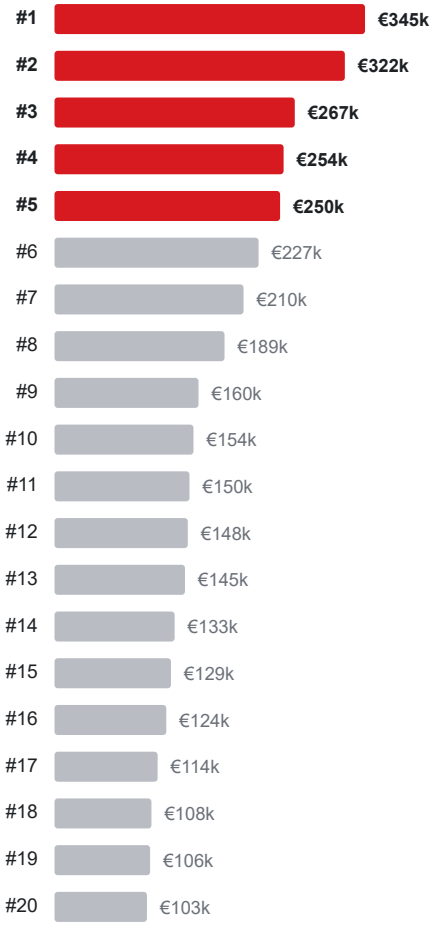

Share of maintenance-parts billing, Genuine (red) against Best Value (grey). Source: maintenance-parts pricing analysis, calendar 2024 and 2025.

In 2025, €873,665 Genuine and €158,377 Best Value (€1.03M together across 25 product lines with a reference price).

Spread of parts purchases across your dealers

Parts bought from you by each of your 64 dealers, 2025, ranked and anonymised (top 20 shown)

Top 10 dealers: 43.2% of the total. Median dealer: €57k. Source: named-dealer sales records, calendar 2025. Dealer identities withheld on this page.

Isuzu Dealer Standards

44 dealer records are listed for your network in the Isuzu Dealer Standards assessment, of which **44** carry a recorded self-assessment score. The remainder are listed without a score, which means the assessment was never carried out for them — not that they scored zero.

What would you need to judge each of your dealers?

Figures: ISZE parts billing, maintenance-parts pricing and revenue-capture records, sales-to-dealer submissions and the Isuzu Dealer Standards network lists, all as held by ISZE as of September 2026. Anchors: the ISZE data-quality sign-off, then the headline-metrics file, then the single facts sheet. Prepared for Isuzu Truck UK only; no other distributor is named on this page.
