ISUZU UNIVERSE · DISTRIBUTOR REVIEW

Kazakhstan

Prepared for a working conversation with Kazakhstan, calendar 2025 against 2024 unless stated. Figures are Kazakhstan's own; every comparison is against its own history or an anonymised network aggregate.

Parts billed by Isuzu to you

Parts billed, up 0.8% year on year. Source: ISZE billing records, calendar 2024 and 2025.

What we can see of your own dealer network

We hold **no sales-to-dealer data** from you for 2025. We see what we bill to you; what you sell on to each dealer is not visible to us. Across the network, 6 of 22 distributors sent any sales-to-dealer data for 2025; you are not one of them.

> This is the same blindness ISZE has about you that you may have about your own dealers: we see what is billed, not what is sold on or serviced.

Maintenance parts supplied against modelled need

No family in your market has a reliable modelled-need figure this year — either there is no verified vehicle-in-service count, or supply exceeds every modelled expectation. We are not showing a capture figure here rather than showing one we do not trust.

Genuine and Best Value

Share of maintenance-parts billing, Genuine (red) against Best Value (grey). Source: maintenance-parts pricing analysis, calendar 2024 and 2025.

In 2025, €7,163 Genuine and €71,468 Best Value (€79k together across 18 product lines with a reference price).

Spread of parts purchases across your dealers

We cannot show this: we do not hold named-dealer sales data for you for 2025 (see above). Without it, a ranked spread across your dealers cannot be built — showing one would mean estimating a per-dealer figure from a national total, which this review deliberately does not do.

Isuzu Dealer Standards

Your network is not separately represented in the Isuzu Dealer Standards network lists we hold, so no dealer count or score is shown here.

What would you need to judge each of your dealers?

Figures: ISZE parts billing, maintenance-parts pricing and revenue-capture records, sales-to-dealer submissions and the Isuzu Dealer Standards network lists, all as held by ISZE as of September 2026. Anchors: the ISZE data-quality sign-off, then the headline-metrics file, then the single facts sheet. Prepared for Kazakhstan only; no other distributor is named on this page.
