Overview & Purpose

Aftersales Awards surveys the actual situation of each DB/DLR in aftersales business with the survey sheet once a year, and awards excellent DB/DLR from single star to three stars depending on the result.

- To raise the overall level of aftersales activities, investigate the actual situation in accordance with the “Aftersales Way”.
- To establish the "Evaluation and Improvement Activities" cycle as a permanent effort and realize self-level up-cycle by distributors and dealers themselves.

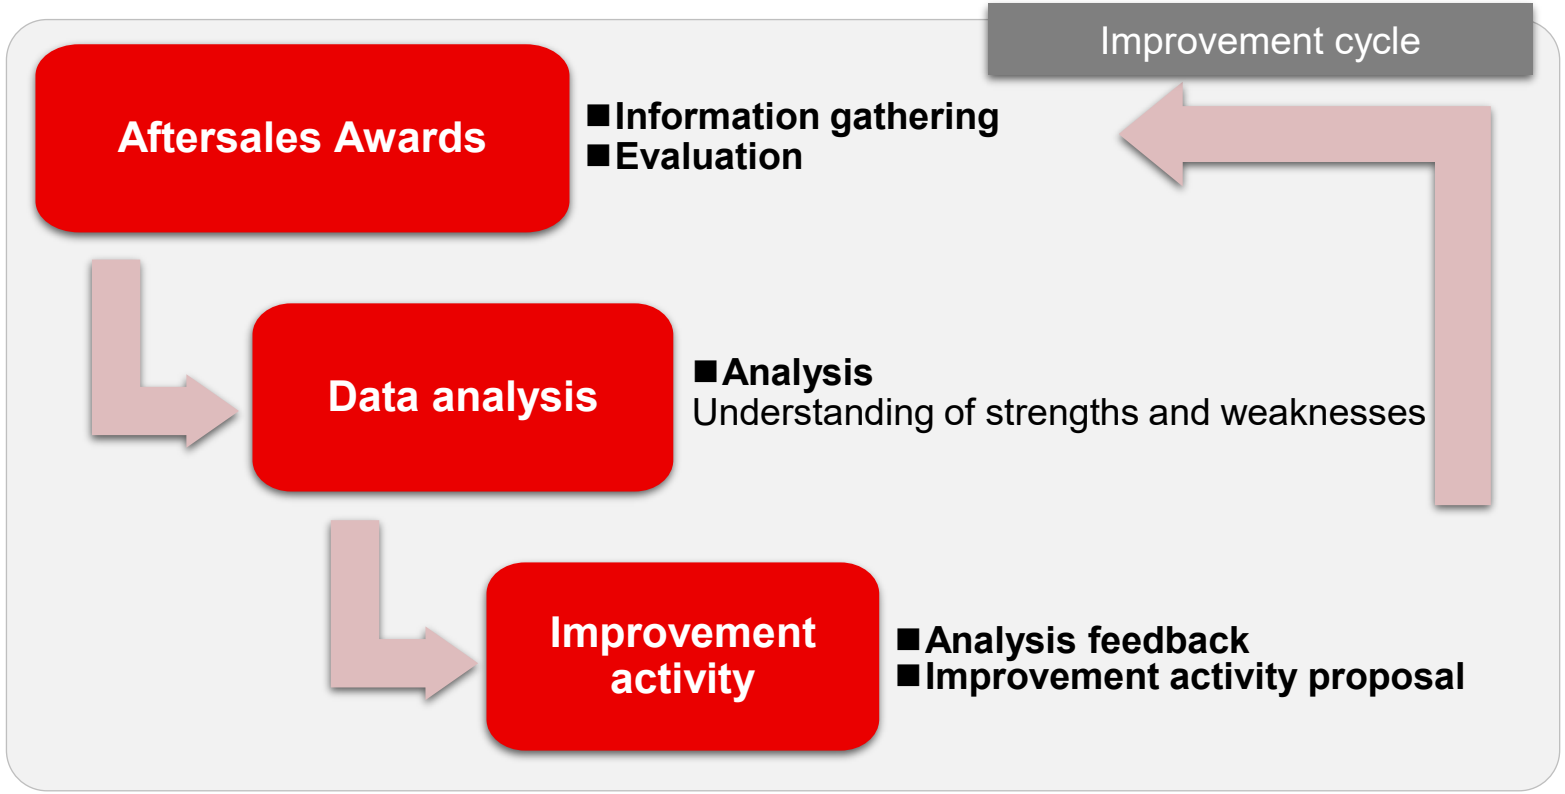

ISUZU Aftersales Guideline

Aftersales WAY

■ **Purpose**
- ✓ Present ISUZU aftersales guideline
- ✓ Increase the awareness of the Importance of Aftersales

■ **Main contents**
- ✓ DB’s roles and responsibilities
- ✓ Significance and effect of each operation/activity
- ✓ Target value/index
- ✓ Managements checkpoints

Continuous improvement cycle

Through this activity, ISUZU aims to realize a brand that is chosen by customers for its reliability in supporting customers’ uptime worldwide.

Outline of Aftersales Awards 2026

*In Red : Changing points in 2026

Item	Detail
Target	All *distributors and dealers (CV+LCV): Entry basis *hereinafter referred to as “DB/DLR”

Appendix

Policies for Survey Sheet 2026

- Based on the following policies, we set total 103 questions for Survey Sheet 2026.

	Policies	Remark	New or Continue
1	**Survey Items based on Aftersales Way**	—	Continue
2	**Continuity of Survey Items**	—	Continue
3	**Applicability to all type of commercial distribution**	—	Continue
4	**Explicit evaluation criteria / Valid intention of question**	- Set clearer evaluation criteria that avoid various interpretation by scorers. - Make the valid intention and evaliation criteria explainable as Isuzu standards* *It requires a description in Aftersales Way, SPPM, IDS, Parts Business Manual, etc. and the content of the description is appropriate to the evaluation criteria.	Continue
5	**Introduction of AI and Excel macro–based automated scoring**	- Clarification of the scoring criteria to enable AI- and Excel macro–based automated scoring.	New

Reference – Excel File of Survey Sheet 2026

- We send you an Excel file of Survey Sheet 2026 with the announcement letter.
- This Excel file is just for your reference to judge whether to participate in or not, and to prepare your answer until the opening of STELLAR in the middle of June.
- Please input your answer on Survey Sheet in the system, do not submit in Excel file.

*Just like last year, you can copy and paste the contents of the Excel file to the answer screen of STELLAR.

Example :

Awarding Criteria

Winning Star(s) Criteria

	★★★	★★	★
Chapter 4	90% or more	90% or more	80% or more
Total	90% or more	80% or more	70% or more

- ✓ No changes have been made to the star award criteria from last year.
- ✓ Only Ch. 4, which contains survey items that form the basic operation for aftersales activities, and the total score rate are set as the criteria.

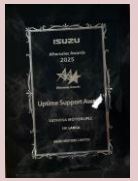

Uptime Support Award Criteria

	Uptime Support Award*
Chapter 4	70% or more
Other Criteria	No stars

- ✓ Uptime Support Award is designed to encourage the establishment of basic operation for supporting the uptime of Customers' vehicle.
- ✓ *Additional condition: This applies to entities that have not earned a star within the past three years.
  Entities that received the Uptime Support Award in the previous year are still eligible for the award.

Prizes / Incentive

- We will prepare prizes and incentives for DB/DLR who got stars.

Items	Award Results				Reference; 2025	Remarks
	★★★	★★	★	Uptime Support Award		
Trophy	X	X	X			The size is distinguished according to the acquired star. Print the president's signature.
Plaque				X		A commemorative plaque will be presented to entities that have received the Uptime Support Award.
Incentive	X	X	X	X	New Incentive Scheme will be introduced. Please refer to next page. 	You will receive an amount according to the star you earned.

*The commemorative gift for three-star recipients has been discontinued.

*If the survey sheet are submitted after the due date, incentive amount is reduced by 50% as penalty.

New Incentive Scheme

- In line with the Aftersales Way, the current situation will be reviewed, and the main survey items will be continued in 2026 in order to achieve the objective of contributing to the improvement of aftersales activity levels.
- Taking the overall balance of the scheme into consideration, the incentive allocation method will be changed so that the total incentive budget is distributed according to the number of star-awarded entities.

New Incentive Allocation Framework

- The total incentive budget for Aftersales Awards 2026 is **JPY 20 million**.
- The incentives will be allocated according to the number of star-awarded entities.
- Two-star award recipients will receive twice the amount of one-star recipients, and three-star recipients will receive three times the amount.
- The Uptime Support Award will be allocated at 0.3 times the amount of a one-star award.

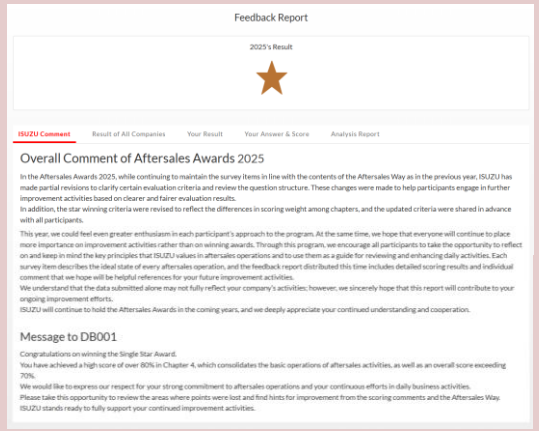

Feedback Report

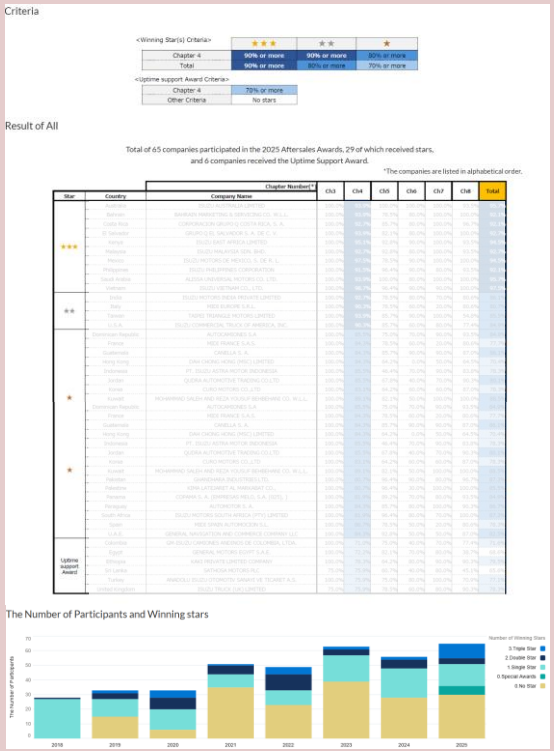

- We will provide Overall comment for 2026, individual messages for DB/DLR, Result of All Companies, score rate, and score of each question via the system.

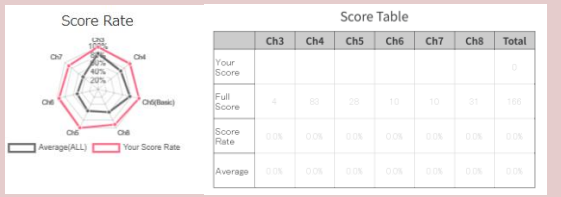

Reference : Feedback Report 2025

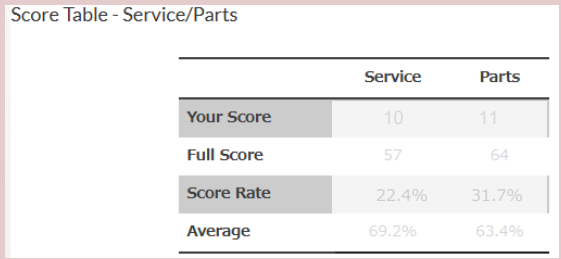

*2026ver. will be created based on 2025

ISUZU Comment - For all & each participating DB/DLR	Result of All Companies - Criteria, Result of All etc.	Your Result - Score Rate, Score Table and Winning Star	Your Answer & Score

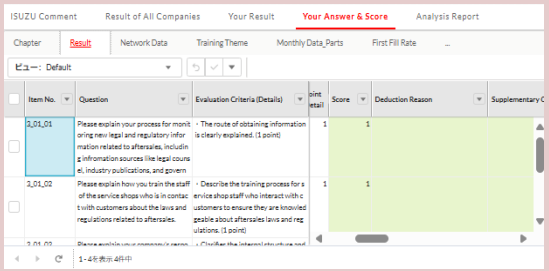

Analysis Report

- Based on the data submitted by DB/DLR through Aftersales Awards, IML will present “Analysis reports” that quantitatively analyzed and evaluated indicators related to the service intake of periodic maintenance at each branch level.
- This report aims to assist in the identification of points to be improved and promote improvement activities by DB/DLR for supporting customers' uptime and creating a cycle in which they might buy their next vehicle.
