Replacement of front panel (dash panel) and wiper motor at the same time: NL* NM* (N-series high cab) NN* NP* (N-series wide cab) 2007 Year onwards

The front panel (dash panel) (FIG-KEY 605-001) has been changed due to the change in the shape of the wiper motor bracket. When replacing the front panel (dash panel) (FIG-KEY 605-001), refer to the diagram below and replace the wiper motor at the same time.
For left-hand drive vehicles, the size of the connector box will not fit due to the expansion of the dash panel opening,
Please replace the plate (FIG/KEY 815-597) and mounting bolts (FIG/KEY 815-528) to cover the holes at the same time.

①Vehicle's Model and Year

NL* NM * (N-series high cab) NN* NP * (N-series wide cab) 2007 year onwards

Except the following vehicles

【Right-hand drive vehicles】

NL* NM* (N-series high cab) produced after December 18、2022

NN* NP* (N-series wide cab) produced after February 6, 2023

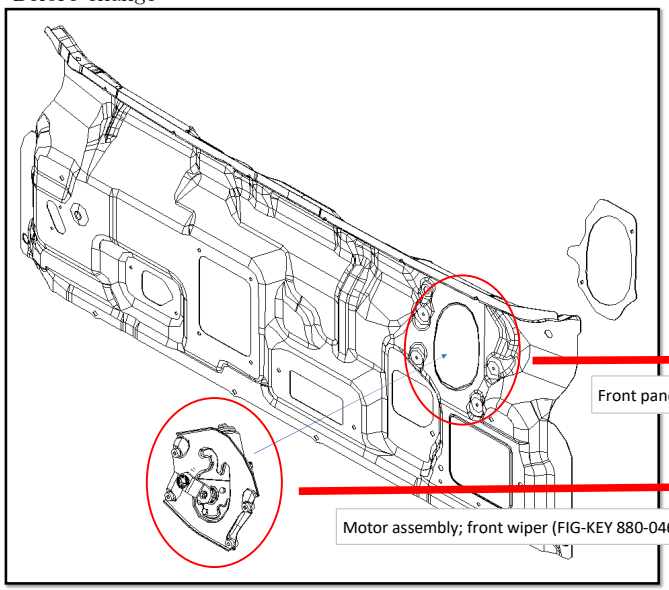

【Left-hand drive vehicles】

NL* NM* (N-series high cab) produced after August 28、2023

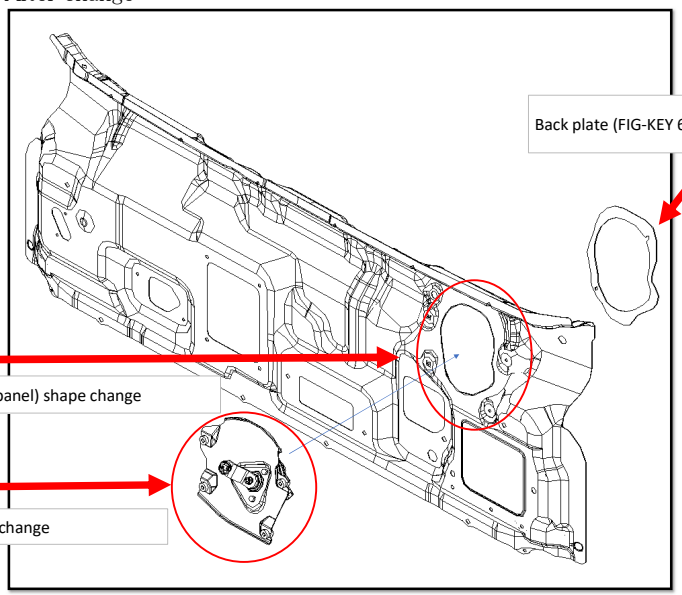

NN* NP* (N-series wide cab) produced after July 10, 2023

Right-hand drive vehicles
