ISUZU UNIVERSE · DISTRIBUTOR REVIEW

# Iceland

Prepared for a working conversation with Iceland, calendar 2025 against 2024 unless stated. Figures are Iceland's own; every comparison is against its own history or an anonymised network aggregate.

## Parts billed by Isuzu to you

**Parts billed, up 11.7% year on year.** Source: ISZE billing records, calendar 2024 and 2025.

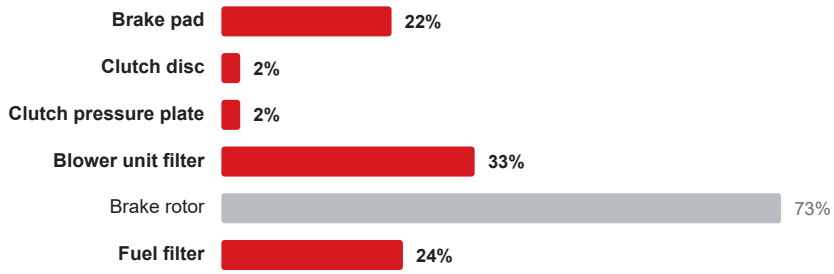

## What we can see of your own dealer network

We hold **no sales-to-dealer data** from you for 2025. We see what we bill to you; what you sell on to each dealer is not visible to us. Across the network, 6 of 22 distributors sent any sales-to-dealer data for 2025; you are not one of them.

> This is the same blindness ISZE has about you that you may have about your own dealers: we see what is billed, not what is sold on or serviced.

## Maintenance parts supplied against modelled need

Share of modelled service need supplied by ISZE, families with a reliable model, 2025

**Capped at 100% by construction; capture above 100% is withheld as unreliable, not shown as a figure.** Source: maintenance-parts revenue-capture model, calendar 2025.

Weighted across the 14 reliable families, supply covers **26%** of modelled need.

## Genuine and Best Value

**Share of maintenance-parts billing, Genuine (red) against Best Value (grey).** Source: maintenance-parts pricing analysis, calendar 2024 and 2025.

In 2025, €11,225 Genuine and €344 Best Value (€12k together across 12 product lines with a reference price).

## Spread of parts purchases across your dealers

*We cannot show this: we do not hold named-dealer sales data for you for 2025 (see above). Without it, a ranked spread across your dealers cannot be built — showing one would mean estimating a per-dealer figure from a national total, which this review deliberately does not do.*

## Isuzu Dealer Standards

*Your network is not separately represented in the Isuzu Dealer Standards network lists we hold, so no dealer count or score is shown here.*

### What would you need to judge each of your dealers?

Figures: ISZE parts billing, maintenance-parts pricing and revenue-capture records, sales-to-dealer submissions and the Isuzu Dealer Standards network lists, all as held by ISZE as of September 2026. Anchors: the ISZE data-quality sign-off, then the headline-metrics file, then the single facts sheet. Prepared for Iceland only; no other distributor is named on this page.
